**Choose Life Newsletter:** "Amidst all the rich variety of life on earth, human life is cause for special wonder. We know that we did not create ourselves. When we say that human life is sacred we are recognising something that is sensed not only by religious people but by everyone who appreciates the wonder of human life. As human beings we depend on one another and so others have the right to expect something from us – it is the right to be recognised and respected and never to be treated as less than he or she is. That is true at every moment of our life – from its first beginnings to its natural end. Every human life is beautiful, every human life is precious". The Choose Life newsletter promotes the Church's position on unborn human life and encourages family discussion on this important subject. There are copies of Four Newsletters issued by the Catholic Communications Office double-sided newsletter Choose Life at the back of each church, please take home a copy of each of the Four Newsletters.
